## EMC Moves to New Office”

On the 20<sup>th</sup> of August, 2007, Tetra Tech - EMC commenced operations from its new location at 5051 Verdugo Way, Suite 200, in Camarillo, CA. After spending 19 years at its old location at 295 Willis Avenue, at the Camarillo Airport, EMC made the decision to relocate to a larger, more modern facility in 2007.

The new office, which hosts both EMC’s corporate headquarters and Engineering, Test & Evaluation staff, is a new 17,000 sq. ft. facility located at a strategic business and transportation hub in the City of Camarillo. The new office complex also hosts personnel from both Tetra Tech EMI and EC business units and provides office space to transient Tetra Tech DIV personnel.

A map and directions for the new EMC office will be posted on this website. For questions about our facility, including how to access our conference facilities, please contact Tetra Tech - EMC at 805-484-9082.
